

About the Author	3
Why Teach Young Children Engineering?	6
Natural and Spontaneous Engineering	8
Elementary Engineering Curriculum	11
<i>Preschool BeeBots</i>	11
Kindergarten BeeBots	13
<i>LEGO Education WeDo – Grades 1 to 4</i>	19
Grade One	20
Grade Two	22
Grade Three	32
Grade Four	36
<i>LEGO Education Mindstorms NXT – Grades 5 and Up</i>	46
Grade Five NXT Unit	48
Grade Six NXT Unit	49
Teaching the Engineering Design Process	53
Tech Tips	55
Teaching Tips	59
Practical Considerations	61
<i>Cooperative Learning</i>	61
<i>Teaching Models</i>	61
<i>Cost and Spare Parts</i>	61
<i>Assessment</i>	62
<i>Choice of Software and Robot Models</i>	62
<i>Modifications for Afterschool and Homeschool Use</i>	62
<i>First LEGO League (FLL) and FLL, Jr.</i>	63
Research	64
<i>Conceptual Framework</i>	64
<i>Robotics Studies</i>	64
<i>Research at the Williamsburg Schools</i>	65
Developmental Milestones in Children’s Engineering Skills	65
Systemic Teaching of Engineering and Subsequent Interest in Engineering	69
Student Interest and Motivation	69
<i>Research Conclusion</i>	72
History of the Program	73
Conclusion	75
Elementary Engineering Curriculum Lesson Plans	76
